

Junior Solar Sprint ~ Design Notebook Score Sheet **BLUE DIVISION**

Score the Design Notebook sections by the following criteria:

- Project Log:** Is the Project Log complete? Does it appear that the Project Log was done at the time the work was done (instead of after the fact?)
- Design Drawings:** Are the drawings accurate and complete? Are the measurements labeled correctly? Could a duplicate vehicle be built by using only the drawings?
- Specifications:** Is the vehicle specification section complete? Are all the component parts listed and receipts included?
- Testing:** Are at least three tests documented completely? Are improvements identified after each test? Are these improvements used to modify the design?
- Photos:** Are photos included? Do the photos accurately represent the vehicle and/or the process?
- Completeness:** Are all the required sections present and organized? Is the Notebook properly bound with a complete Title Page? Does the Notebook show effort?

Please be consistent in awarding points as follows:

0 1 2 3 4 5 6 7 8 9 10
